Subtotaal				3.750,00 €
Rental & Subscription				
	1,00 Stuks	4.250,00	21%	4.250,00 €
- The rental app will integrate with the subscription application to synchronize rental start and end dates with the subscription's start and end dates. This integration ensures that logistic products are tracked in the rental app, confirming their presence with the customer until the rental period concludes. Additionally, the subscription feature enables periodic invoicing, such as monthly or weekly, for the rental services.				
Subtotaal				4.250,00 €
